Hexagonal Trampoline

PART #: F-WXTPHX

220 LB. [100 kg] MAXIMUM WEIGHT CAPACITY

MANDATORY

LEAVE THIS MANUAL WITH TRAMPOLINE OWNER

Read and follow all instructions.
Safety can only be ensured if the trampoline is assembled
and operated according to these instructions.

- NEVER permit children to play on or around the trampoline
- DO NOT allow children to use the trampoline without adult supervision

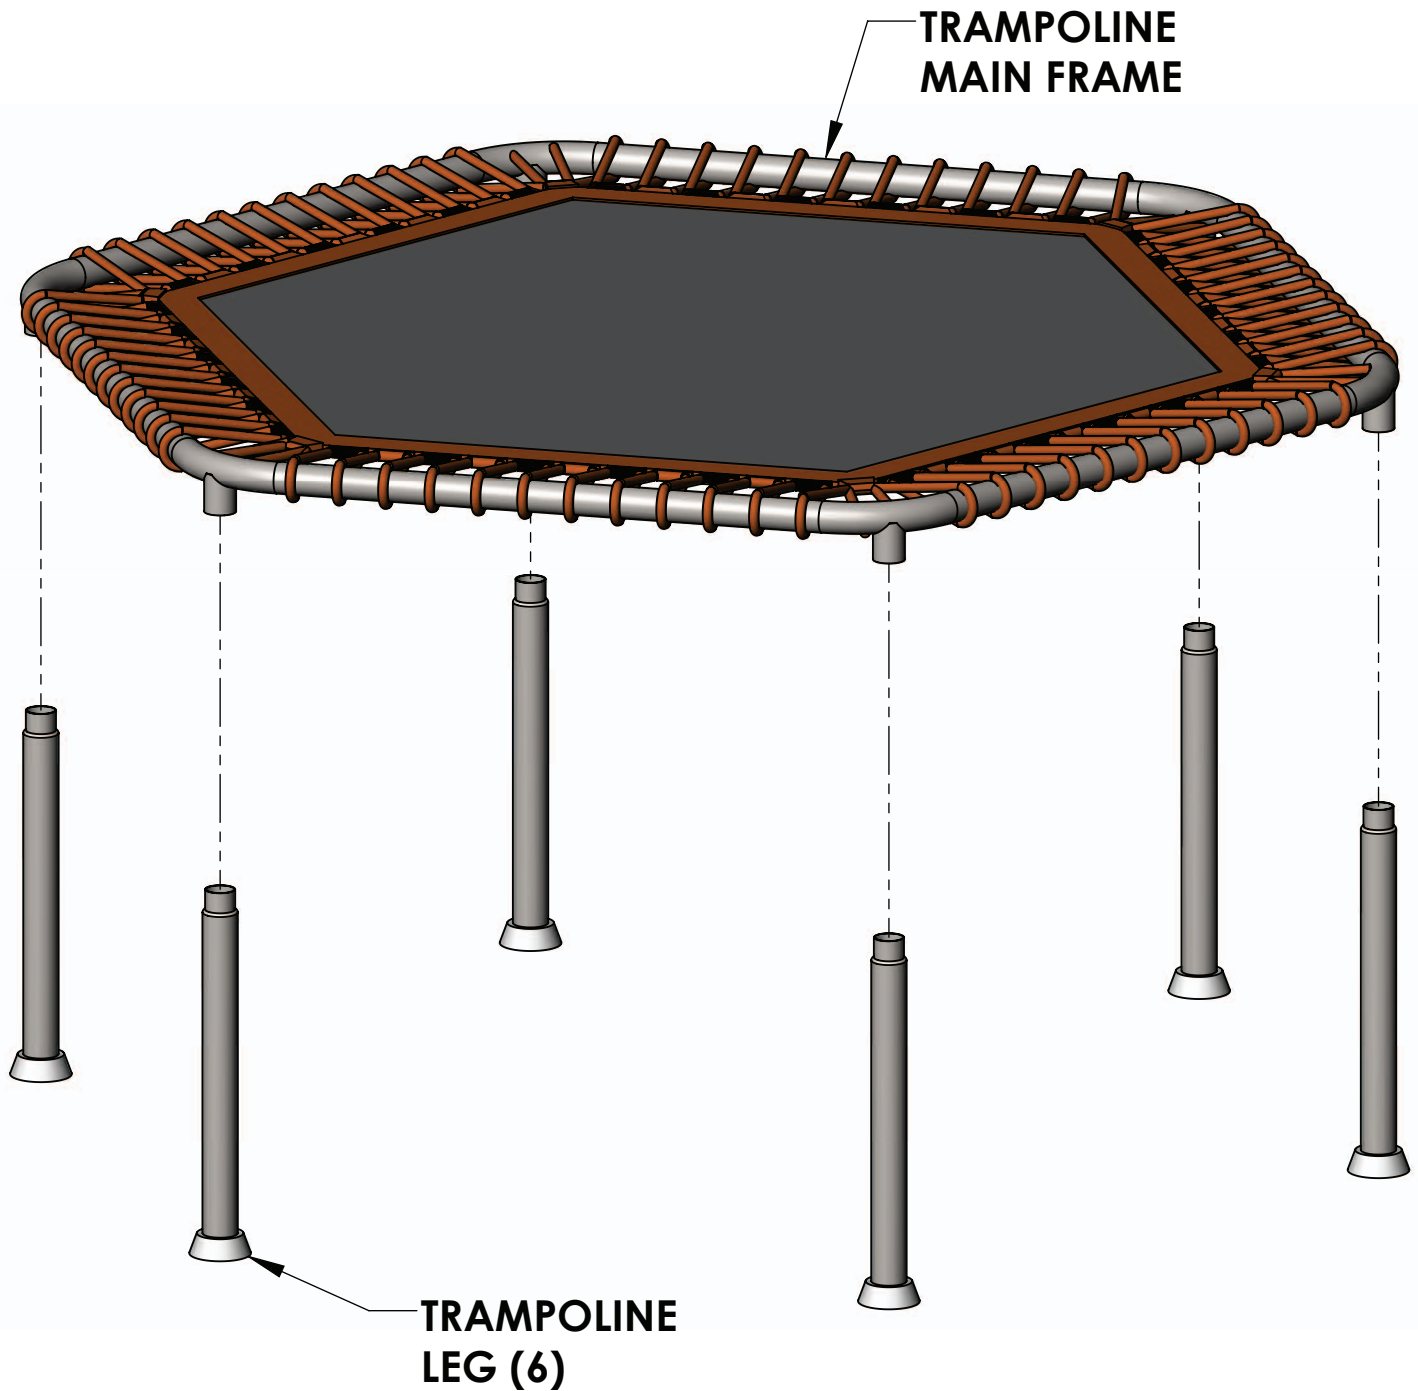

READ CAREFULLY

Check entire box and all packing materials for parts. Before beginning assembly, read the instructions and identify parts using the figures and parts listed in this document.

It is critical that all parts be carefully inspected prior to assembly and use. If any damage occurred in transit, Aqua Creek Products, LLC must be notified within three days of receipt of unit.

Proper assembly and use cannot be overstressed, as an improper assembly and use voids Aqua Creek's warranty and may affect the safety of the user.

Components and Assembly

The hexagonal trampoline will come with the six (6) legs unattached. To attach, simply thread the legs into the six (6) leg locations welded onto the main frame of the trampoline. See image above.
